

Happily Never After: a fairy tale gone bad

SYNOPSIS

The Big Bad Wolf and the Little Big Bad Wolf are sick and tired of always living unhappily ever after so they join forces with the Queen of Hearts, the Gingerbread Witch and the Thirteenth Fairy and kidnap Mother Goose and her great Book of Happy Endings. This causes all kinds of chaos for the Good Guys, of course, who suddenly discover their happy world is turned completely upside-down. Houses are huffed and puffed and blown over, Prince Charming isn't so charming suddenly, and the sky is actually falling. The Brick Pig tries to organize Hansel and Gretel, Red Riding Hood, Sleeping Beauty, Chicken Little and Alice, but they all have different plans and cannot work together to rescue Mother Goose. The Bad Guys toss the Good Guys in prison and celebrate their triumph. However, when Little Big Bad Wolf sees what an evil monster his brother is turning into, he sympathizes with Mother Goose and tries to free her, pitting brother wolf against brother wolf and ultimately causing a showdown between Good Guys and Bad Guys.
